Adoption of the village Sangabadi

It is a great pleasure on our part to inform you that the NCC unit of our college has visited the village Sangabadi in the Gadapadar panchayat of Jeypore block of Koraput district on 15.12.2019. We have observed that the village is extremely backward in educational and social development parameters. The village lacks basic amenities such as paved road, primary school and health centre, clean drinking water supply etc. Therefore we have decided to adopt the village to strive for its all-round development. As a starting point we have decided to focus on making the children and adults literate. Many of our NCC cadets have consented to take up this noble cause by devoting their time and effort. Hence we need the following items to start a weekly school at the village.
